

## MEMORANDUM

TO: CSCC

FROM: Steering Committee

RE: Student Travel Policy

DATE: March 6, 2019

### Background

The [Student Travel Policy](#) was approved by the provost and became effective on April 18, 2018. The Office of General Counsel has determined that this type of policy should be approved by the president.

### Charge

Steering asks CSCC to recommend approving the Student Travel Policy as a college operating policy. According to the Policy Framework: "College Operating Policies are issued by the President for the executive management and conduct of the College in all Units and for the execution and enforcement of the Bylaws, rules, regulations and orders governing the management, conduct and administration of the College in accordance with applicable law and consistent with Board of Trustees Policies and delegations of authority."

### Testimony Tier I

Tier 1 –The issue requires minimal testimony from the campus community. The assigned council or committee should consult with relevant stakeholders before preparing the final recommendation, but there is no need for surveys or open fora.

### Timeline

CSCC should review this request immediately with the goal of completing its recommendation by the end of April 2019.

## **TCNJ Governance Processes**

*Step 1–Steering issues a charge*

*Step 2-Governance prepares a Preliminary Recommendation*

Once the appropriate standing committee or council has received the charge, it should start by collecting data needed to make a preliminary recommendation. It should receive input from affected individuals and all relevant stakeholder groups prior to making a preliminary

recommendation. For issues that have broad implications or that affect a large number of individuals, initial testimony should be solicited from the campus community at large. For some issues, sufficient initial testimony may come from input through committee membership or solicitation from targeted constituent groups. When, in the best judgment of the committee, adequate clarity of the principles contributing to the problem are known, a preliminary recommendation should be drafted and disseminated to the campus community.

*Step 3–The Relevant Stakeholders provide Testimony*

Once a preliminary recommendation has been completed, the standing committee or council should seek testimony from the campus community. The testimony should be gathered in accordance with the Testimony Tier (see below) assigned to the issue by Steering.

For issues that require public testimony from the campus community, the chair of the standing committee or council should approach the president of the appropriate representative bodies to schedule the next available time slot at a meeting of that body.

Testimony should be gathered in a way that allows stakeholders to weigh in fully on the issue. Members of the standing committee or council that wrote the preliminary recommendation should be present to hear and record the testimony.

*Step 4–Governance prepares a Final Recommendation*

Once the standing committee or council has received appropriate testimony, it should revise the preliminary recommendation into a final recommendation. Once the final recommendation is complete, the standing committee or council should use sound judgment to determine whether or not more public testimony is required. If, in its feedback to the original preliminary recommendation, a stakeholder representative body requests to review an issue again, the committee or council is bound to bring it back to that body. If a full calendar year has passed since the formal announcement of the preliminary recommendation, the committee must re-submit a preliminary recommendation to the campus community. When the committee or council has completed the final recommendation, it should forward it to the Steering Committee. The final recommendation should be accompanied by a cover memo that summarizes the initial charge, how testimony was gathered and the nature of that testimony, and how the committee responded to that testimony, including a description of how the preliminary recommendation evolved as a result of testimony.

*Step 5–Steering considers the Final Recommendation*

*Step 6–The Provost and/or President and Board consider the Final Recommendation*

*Step 7–Steering notifies the Campus Community Testimony*

*For a complete description of all steps and of the testimony tiers, see Governance Structures and Processes, 2017 Revision, pages 21–24.*
