

MEMORANDUM

TO: Steering Committee

FROM: Committee on Academic Programs (CAP)

RE: Final Recommendation on Nursing Education Program

DATE: May 22, 2020

Background and Charge:

Faculty members in the Department of Nursing of the School of Nursing, Health and Exercise Science presented a proposal for a new Nurse Educator track within the existing MSN degree program. Steering charged CAP to review the proposal and deliver a final recommendation that indicates concurrence or non-concurrence with the proposal.

Review: CAP reviewed the proposal materials and signatures of the School Curriculum Committee and Dean.

Final Recommendation:

CAP determined that all affected units have been consulted and that the new Nurse Educator track within the existing MSN degree program is consistent with the College's mission. CAP did not feel that further testimony was necessary and unanimously approved the proposed Nursing Education track within the existing MSN degree.
