1. Meeting began with discussion regarding to feedback. Chair and Vice-Chair meet with one faculty regarding their disappointment with not receiving SOSA for two consecutive years.
2. Discussion ensued with charge for the remaining school year: Is rubric working, have we meet all the charges from academic affairs, is scoring fair for all disciplines, should were restructure how SOSA is disseminated among schools?
3. SOSA members will review original charge from previous year to determine if we have further items to address.

Respectfully submitted,
