

Committee on Faculty Affairs Year End Report 2019-2020

Andrew Leynes, Chair
Matthew Wund, Vice-Chair

This year CFA reviewed and approved the MUSE and SOSA RFPs. CFA reviewed Disciplinary Standards for Electrical and Computer Engineering, Philosophy, Health and Exercise Science, and approved new Disciplinary Standards for EASE and Philosophy. CFA completed work on several charges: “Modification of Teaching Duties”, “RPD Regarding Librarians”, “Modification of Scholarly Expectations for COVID-19”, “Teacher-Scholar Charge”, “Faculty Office Hour Charge” and “Chair Eligibility” charges.

CFA will continue work on the “Timeline for Promotion Appeals and PRC timeline” over the next few months and hopes to share a new version of the Reappointment and Promotions Document that is much easier to use and free of errors. CFA, in conjunction with the SOSA Council, is continuing work on the “SOSA charge” in the fall semester. CFA will also begin work on the “Advising Assessment” charge next year.
