Isabella Guhl-Erdie ~~Christopher Nitti~~ ~~Terrell Williams~~ Su Weber
~~Shawn Cappellano Sarver~~ ~~Trish Le~~ ~~Kevin McCullough~~ Scott Sferra
Attached files: Minutes FCPC Agendas & Minutes

Notes

- [Feb Minutes](#) approved with no changes
- Training via Safe Colleges is effective at addressing a large range of needs
 - Customizing the training for our institution would be beneficial
 - Training would be selective to only those newly taking on this responsibility
 - Avoid lengthy/cumbersome training
 - Training will most likely be handled in the Division of Operations, like Campus Police
 - But responsibility will be shared with the area that owns the cart
 - Potentially develop a Google form to kickstart training and approval process to drive carts
 - Handicapped/Other golf cart training is hands-on:
 - Went over the mechanics of the carts
 - How the ramp works
 - The horn and turning signals
 - Test drives through campus
 - Susan O'Connor runs handicapped training
 - 6 people, 1 hour
 - Rented from the office
 - When will Safe Colleges release the editing feature?
 - Discuss LSVs at the Operation Leads meeting
 - EMTs complete a Federal training course
 - Need to figure out how to complete LSV inventory
 - Complete survey - people can let us know who has golf carts
 - Or go through the purchasing system and see who has bought carts

Action items

- ~~Approve Feb minutes~~
- End of Year report with final recommendations with parking
- Recommended policy for LSVs
- And recommended training for LSVs
